## PREFACE

One of the objectives adopted by the Cedar County Historical Society for 1983 was to publish an addition to the Cemetery Directory of Cedar County Missouri. Once again a tremendous amount of time and effort has gone into this project.

We have high hopes that this publication will be greatly accepted and very beneficial to the owners of the 1972 edition. We regret any errors and omissions; and we know there will be mistakes by those who canvassed the cemeteries, compiled the data, or typed the pages. We are also including the corrections and omissions received for the Supplement after the first edition.

We desire to thank each individual who has given information for this project. Special thanks to Orlena Allinson, Sharon and Bea Ellis, Emma Olinghouse, Eldon Steward, and Bob Phillips. We are most grateful to Richard and Judy Brumback, Brumback and Long Funeral Home and Murry Funeral Home for much of this information. We trust that each person who contributed any materials will be greatly satisfied with his effort in helping to preserve some of the history of Cedar County and its people.

We regret to say that some of the "final resting places of our beloved dead" are in a more deplorable condition than they were ten years ago. We are all deeply indebted to those people for their faith and fortitude in carving a civilization out of a wilderness and leaving to us a rich and lasting heritage. If there is a family burial plot on your land, have it registered at a local abstract office to protect it from destruction for a dam, highway or recreation area.

THANKS

One of the objectives adopted by the Essex County Historical Society for 1953 was to publish an edition of the Essex Directory of Essex County, Massachusetts. Now again a tremendous amount of time and effort has gone into this project.

We have high hopes that this publication will be greatly accepted and very beneficial to the owners of the 1917 edition. We have not any errors and omissions, and we know there will be mistakes by those who compare the corrected, compiled the data, or typed the pages. We are also including the corrections and omissions received for the Supplement after the first edition.

We desire to thank each individual who has given information for this project. Special thanks to Charles H. Hines, Boston and Joe Hill, Essex, Massachusetts. Also to Mrs. H. H. Hines, Ipswich, Massachusetts. We are most grateful to Mr. Hines and Mrs. Hines for their help and interest. We have also had many other persons who contributed and we are most grateful to all who have helped with the project. We are most grateful to the Essex County Historical Society and the Essex County Historical Society.

We regret to say that some of the "final reading" copies of our "new edition" are in a more defective condition than they were in 1917. We are all deeply indebted to those people who have taken the trouble to correct a number of our mistakes and to those who have taken the trouble to correct a number of our mistakes. It is our hope that a final edition will be published in the near future.
